# Food for vulnerable people

## Commercial food access options

June 2020

# Commercial food options | Key objectives

This material has been prepared by DEFRA in order to help Local Authorities and Charities signpost customers to commercially available food options.

Commercial options include telephone ordering, food box delivery, prepared meal delivery and other non-supermarket food delivery providers.

This summary has been compiled based on publicly available information, as at 09/06/2020. The list of suppliers is not exhaustive and completeness of offer or product availability cannot be guaranteed. Inclusion on this list is not a recommendation from DEFRA. Anyone using this list should do their own research to see whether the supplier is suitable for their needs. Any retailer with a grocery delivery service that is not included here is invited to send information for inclusion to [Covid19\\_referrals\\_to\\_retailers@defra.gov.uk](mailto:Covid19_referrals_to_retailers@defra.gov.uk)
